

*Merry Christmas*

From the  
Allen Family

## Employee Spotlight

I recently had the opportunity to spotlight a member of our team in the State Personnel Newsletter. With two decades of service and outstanding work on the Alabama Voter Integrity Database (AVID), Adam Alexander, Information Systems Director, was the perfect employee to highlight. You can read the article in full [here](#).

## WANTED: Poll Workers

Do you work hard and love your community? Then you are the ideal candidate to become a poll worker. Poll workers help keep Alabama elections safe, secure and transparent. They are vital to election administration. If you are interested in becoming a poll worker, contact your local probate judge.

## Secretary Allen & Alabama Association of the Board of Registrars

On November 17th, I met with the Alabama Association of the Board of Registrars. These men and women work hard every day to ensure that Alabama elections are secure and accurate. I was proud to be in the room that day, and I look forward to working with this group as we prepare for the 2024 election cycle.

Connect with Alabama Secretary  
of State on Facebook & Twitter.
