## Provisional Ballot Instructions for Poll Workers

When a person shows up to vote on Election Day:

1. Ask the voter for their name.
2. Look on your list of registered voters to see if their name is on the list.
3. **If the voter's name is on your list**, follow normal voting procedures.
4. **If the voter's name is marked as "inactive"**,
  - instruct the voter to fill out a **Voter's Reidentification/Update Form** before letting them vote. See sample "update" form below.
  - instruct the voter to check the "update" box on the reidentification form.
  - *if there is a change in the inactive voter's place of residence which causes a change in polling place location within the same Board of Registrars' jurisdiction, call the Board of Registrars to determine the new polling place. The voter should then be directed to the new polling place so they can cast their vote provisionally.*

### Will my provisional ballot be counted?

When you return your provisional ballot to this office, we will send the Board of Registrars your "Sworn Statement of Provisional Absentee Voter" and "Voter Reidentification Update Form". Using these documents and the voter list for your county, the Board of Registrars will try to determine if you are properly registered to vote at the residential address you provided on your absentee ballot application. The Board of Registrars may also look at your original voter registration application.

If the Board of Registrars is able to confirm that you are properly registered to vote in the precinct at the residential address you provided on your application, your ballot will be approved for counting. If the Board of Registrars cannot confirm that you are properly registered in that precinct, your ballot will not be approved for counting. The findings of the Board of Registrars will be provided to the county canvassing board so that your ballot can be counted if the Board has confirmed your eligibility to vote.

You may contact the Board of Registrars at \_\_\_\_\_ to find out if your ballot was counted. If your ballot was not counted, the Board of Registrars can tell you why your ballot was not counted.

If you fail to return the valid photo identification with the ballot or fail to provide the valid photo identification to the Board of Registrars by 5:00PM on the Friday following the election, your ballot will not be counted.

The Board of Registrars will review your provisional ballot to determine that the “PROVISIONAL VERIFICATION STATEMENT – PB-3” has been completed in full and that you have provided a valid form of photo identification. If these requirements are met, then your provisional ballot will be certified for counting.

Anyone who casts a provisional ballot will be able to determine whether his or her vote was counted and, if the vote was not counted, the reason that the vote was not counted. The Board of Registrars, after verifying the identity of a provisional voter, shall make available at the request of the voter, the findings of the Board of Registrars as to whether the vote was counted and, if not, the reason why it was not counted. This may be accomplished by calling the Board of Registrars or the Secretary of State at 800-274-8683. There will be no charge for obtaining this information and the certification of this information will be handled in a confidential manner.
