General Election Ballot Access

Candidacy [§17-14-31]

To be certified as a presidential or vice-presidential candidate by the Alabama Secretary of State for the general election, a prospective candidate may obtain ballot access through one of two routes - political party nomination or petition.

1. Political Party

Any political party's national convention or other like party assembly having state ballot access for the general election may nominate.

To qualify for statewide ballot access, a political party must:

- ❖ Receive more than twenty percent (20%) of the vote cast in the state at the last general election. (By this method, only the Alabama Democratic and Alabama Republican parties qualify for statewide ballot access in the 2024 election.) [§17-13-40]
- ❖ File a petition by March 5, 2024, with the Secretary of State containing at least 42,458 signatures of qualified electors. The number of petition signatures for statewide ballot access must equal or exceed three percent (3%) of the electors who cast ballots for the office of governor in the last general election. [§17-6-22(a)(1)]
Parties submitting a petition must also:
 - ❖ File with the Secretary of State an original copy and a copy in digital format or other electronic format acceptable by the Secretary of State of the party's emblem by September 6, 2024. [17-6-29]

The certificate of nomination issued by a political party convention must be signed by the presiding officer and secretary of the convention and by the chairman of the state executive or central committee of the political party making the nomination. [§17-14-31(b)]

2. Petition

An independent presidential candidate must file a petition containing the signatures of at least five thousand (5,000) qualified electors of the state who must include their addresses on the petition to be valid. [§17-14-31(a) through (b)]

All certificates and presidential petitions for independent candidacy must be filed with the Alabama Secretary of State no later than August 15, 2024. [§17-14-31(b)]
