March 1, 2016 proved an eventful and historic day for the State of Alabama. Not only were Alabamians given the opportunity to vote significantly earlier for the presidential primary election, but the amount of participation from voters was the largest turnout in the state's history!

Due to the release of the new Online Voter Registration system that launched in late January, thousands of Alabama citizens registered to vote, resulting in an all-time high of 3.1 million registered voters. 1.25 million participated in the primary election, which is the largest turnout in Alabama's primary voting history.

The weekend before the primary election, Ben Carson, Hillary Clinton, Ted Cruz, Marco Rubio, and Donald Trump made final campaign stops in Alabama. Once the polls closed at 7 p.m. on March 1st, the Elections Division, along with the Probate Judges, worked late into the night to keep an updated record of the results on the SOS website, thus marking another accomplishment in state history. By the next morning, the elections results from all 67 counties were available to the public via the SOS website. Hillary Clinton and Donald Trump were declared the victors. The state's Runoff Election will begin April 12th.

The National Association of Secretaries of State held its annual Winter Conference in Washington D.C. on February 10-13, 2016. Secretary Merrill nominated Civil Rights Attorney Fred Gray for the organization’s Margaret Chase Smith American Democracy Award in 2015, and Mr. Gray formally received the award at this year’s meeting.

According to NASS, “the Margaret Chase Smith American Democracy Award is named after the former U.S. Senator from Maine, who jeopardized her career by speaking out against the red-baiting tactics of Senator Joseph P. McCarthy in the 1950s. Award recipients are recognized for individual acts of political courage, uncommon character, and selfless action in the realm of public service.”

“It was my honor to nominate Fred Gray for his admirable record of professional achievement,” said Secretary Merrill. “His contributions to the voting rights movement in this country are powerful and a lasting legacy. It is because of men like Mr. Gray that we as a state have made significant steps toward equality.”
